

# We're at our best when you need us most.

**Please call us whenever one of the following criteria is met:**

- When helicopter evacuation would be appropriate to patient care (based on severity of injury/illness)
- When response by EMS agencies is delayed and advanced life support helicopter service could appropriately treat and transfer the patient
- When the number of patients exceeds the capabilities of the EMS agency
- When inter-hospital transfer of critical patients is needed

**Please have the following information available when requesting Wellmont One services:**

- Name and agency of caller
  - Callback number
- Nature of emergency
- Number of patients
